

# The Old Wagon Wheel

## 305 Buckhorn Rd., Whitefish, MT

A) Directions headed North on Highway 93 from Whitefish toward Eureka and the U.S./Canadian border crossing at Roosville:

- 1) Drive West (and North) from Whitefish on Highway 93 for approximately 8 miles. Follow the mile marker signs along the highway. Look for the **Beaver Lake Sign** and the **Whitefish Bike Retreat** signs on your right after you pass mile marker 134. Almost immediately after passing mile marker 135 look for the Beaver Lake Road which will be on your right as you are heading north.
- 2) Turn right (East) on Beaver Lake Road, a gravel road, and drive approximately 1 mile. You will pass a couple of driveway entry roads on your right but **Buckhorn Road** is the first actual road to the right, approximately 1 mile after turning on to Beaver Lake Road. There is a 3 story chalet type house just before the intersection of Beaver Lake Road and Buckhorn Rd. (See Below)

- a. Turn **right** onto Buckhorn Rd. Although there is no sign at the intersection of the two roads there are a couple of landmarks (other than the 3 story chalet). See Below

- 3) Once you turn right onto Buckhorn Rd. You will see a sign that it is a private road belonging to the Buckhorn Rd. Association. (See Below)

- 4) Proceed straight up Buckhorn Rd. until you crest the hill at the top (don't go left before the hill)
- 5) At the top of the hill the road forks. Take the fork to the **RIGHT**. (See Below)

- 6) The road drops down to the right. Take the right fork and, on your right, you will see a primitive sign on a tree "**305 Buckhorn**" and a metal arrow pointing towards our house. A quarter of a mile further down the drive you will arrive at our entry gate and you will see "**The Old Wagon Wheel**" on our cedar entry gate. Our garage and cabin will be just ahead of you.
